To: Students, Parents and Guardians of Kainai Board of Education Schools

Re: Counselling Support Services for the 2020-2021 School Year

For those students that have chosen the 'Out of School Learning Option' for this school year, counselling support, through either the Family School Liaison Counsellor at your school or the Counsellor from Key Connections Consulting that serves your school, may still be accessed as it has been in previous years.

Support is able to be provided through three options: by phone, video conference (such as Zoom), or in person (following COVID-19 social distancing protocols) at your school site.

If you are interested in receiving counselling support services, please contact your school and talk with a Family School Liaison Counsellor.

Sincerely,

*Kent Hollingsworth*
